PROFESSIONAL SUMMARY

Full Stack Developer and Computer Science student with hands-on experience building end-to-end MERN stack applications for real clients. Skilled in JavaScript (ES6+), React.js, Node.js, Express.js, MongoDB, REST API development, responsive web development, JWT authentication, and Redux Toolkit. Experienced in developing production-focused features, admin dashboards, database schemas, and responsive frontends. Seeking a remote internship or junior software development role to contribute to real-world engineering projects and grow as a professional developer.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Design, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST API Design

Database: MongoDB, Firebase

Authentication & State: JWT Authentication, Protected Routes, Redux Toolkit

Tools: Git, GitHub, VS Code, npm

Other: WordPress, Basic UI/UX Design, Photoshop, CorelDRAW

PROJECTS

Personal Portfolio Website — HTML, CSS, JavaScript

- Built a fully responsive portfolio website with optimized UI and cross-device compatibility.
- Implemented smooth animations, clean layouts, and mobile-first responsive design principles.

E-Commerce Platform — MERN Stack (In Progress)

- Implementing JWT-based authentication, protected routes, and Redux Toolkit for global cart and user state management.
- Building RESTful APIs with Node.js and Express.js and integrating MongoDB for product and order data.
- Developing a responsive React storefront with product, cart, and user-facing functionality.
- Integrating a payment gateway and admin dashboard to support end-to-end order management.

Full-Stack Business Website — MERN Stack (Private Client)

- Delivered a complete full-stack web solution for a private client using the MERN stack, reducing manual data-entry work through a custom admin dashboard.
- Designed and implemented RESTful backend APIs, MongoDB data schema, and a dynamic React frontend.
- Deployed the application as a fully functional client solution.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

Punjab University of Lahore | 2024 – 2028 (Expected)

CERTIFICATIONS & TRAINING

- Website Development Diploma — CISD (2025)
- WordPress Development Diploma — Al Syed Computer College (2023)
- Computer Fundamentals (MS Office, CorelDRAW, Photoshop) (2021)
- Spoken English Course — Lyceum Institute of Future Education (2022)
